Coffee & Kitchen

- Coffee: You will find fresh local grounds in the jar. The coffee maker is a Cuisinart Drip. Filters are in the pantry.
- Water: Palisade tap water is excellent! Feel free to drink from the tap.
- Cooking: Please use the vent hood when cooking.
- Dishwasher: Detergent pods are under the sink.

Climate Control

- Heat/AC: One climate controller is located on the living area wall near the light switch. The other is just inside the bedroom door, above the light switch. The system is pre-set to a comfortable range, but feel free to adjust it.
- Windows: We recommend opening the windows in the evening to let in the cool Palisade breeze, but please close them when leaving to keep out dust and bugs.
- Roman Shades: To open or close the blinds grab the handles on the bottom rail and *gently* pull down or raise up.

Entertainment

- TV: The Smart TV is logged into Guest Mode. Feel free to log into your own streaming accounts (just remember to log out!).

4. FARM & ORCHARD RULES

The Fruit

- In Season: Share our bounty! If the fruit is ripe you can expect us to leave a bowl of fresh fruit for you.
- Walking the Rows: You are welcome to stroll the orchard rows! It is magical at sunset.
- Picking: Please do not pick fruit directly from the trees unless we have explicitly invited you to a "U-Pick" session. Commercial farming requires careful timing for harvest.
- Equipment: Please stay clear of any tractors or farm equipment you see operating.

The Secret Garden Through the back gate, you will find a private sitting area designated just for you. It's perfect for morning coffee or evening wine.
